ORA BLU LAB

Ora Blu Lab is a photographic studio using ancient printing techniques, such as cyanotype, with its characteristic blue color, located in the heart of a small village in Montiferru.

Our philosophy invites us to slow down to observe and photograph carefully, restoring time and manual skills to their value in artistic creation.

We organize immersive and convivial workshops to discover Sardinia slowly and creatively.

Ora Blu Lab Studio is located in Cuglieri
Via Vescovo Cossu, 3

CREATIVE DAYS IN SARDINIA

CARNET DE VOYAGE

Rates from 400€

Four day experience "photograph and explore Sardinia slow and creative"

The workshop alternates between visits, walks, and taking pictures, and the discovery of an ancient method of photography, cyanotipy, to give life to a visual/written tale.

Cabras - Between lagoon and Mediterranean macchia, we'll explore the local flora and realize blue prints inspired from the wilderness to create a herbarium.

Santu Lussurgiu - A trip between ancient stones, flora, water sources and tradition, immortalizing magical details and atmospheres to create an herbarium.

Bosa - In the colorful village on the Temo's shores we'll unite words and images to create a blue Photowalk

You will be guided by Massimiliano Marraffa, professional photographer and Eva Macchi plant cyanotype specialist.

PHOTOWALK

During a photowalk, every sense is immersed in a **slow promenade**. It's not just about **observing**, but also about listening, touching, and smelling the surrounding nature. This **complete sensorial immersion** helps create a deep connection with the explored space.

Photowalk in Bosa - Every day

Groups from 2 to 8 people

Duration: 4hrs

Taste the colors of one of the most beautiful villages in Italy and end with a sunset wine tasting.

Includes: editing and an online mini album with every participant's pictures.

Prices 2 pax 110€ pp - 3 to 4 persone 90 pp - 5 to 8 pax 70€ pp
